BEYOND
BOUNDARIES

Welcome to APU's Orientation!

Welcome to APU - You're about to kick-start a new & important phase in your academic journey as you embark on what we are sure will be a very memorable phase in your development with APU as a highly competent, employable and future-proof student.

You would no doubt have many questions before you even start your studies. Hopefully most of these will be answered here in relation to completion of your admission and enrolment formalities as well as your Orientation and Learning Essentials.

Welcome to APU's Orientation!

We are pleased to share with you that your formal Orientation Programme for Foundation and Diploma Programmes will commence on **Thursday, 29 May 2025 at 10:00am Malaysian Time (+8 GMT)** at the APU Campus. The Orientation Programme will be conducted in Hybrid Mode - Online & Physical On-Campus.

Before that, here are some preparations that you can make, so that you can get the most out of your first experience as a student of APU. Throughout the Orientation, you will get to learn about both the formal and the fun aspects that are in store for you throughout your campus and academic life. Do dive into the entire experience: there will be plenty of opportunities for you to ask questions and connect with us. But before that, here are some pointers to get you started and well prepared to get the most out of your first experience as a student of APU.

So sit back, relax, enjoy the ride ahead - we're all with you as you enter this exciting phase in your educational journey.

> What is Orientation?

- An Orientation to provide you with the necessary information as you embark onto an exciting phase of your academic journey at APU.
- Get to know our academic & non-academic staff members as well as your Counsellors.
- Meet your course mates.

This new beginning for your life and your time at APU will be a valuable educational experience which will boost both your personal and professional life. We know that after your SPM, IGCSE or equivalent qualifications, embarking on your journey at the University will be very different. As you complete the Orientation programme and eventually complete your studies, you will forever remember your courage in pursuing your dream.

> Your Digital ID @ APU

Getting Started with APKey

To start you off, you'll need to be given access to the resources required for your orientation and learning at APU.

Every student at APU is assigned a unique identifier (your digital account), which is known as your **APKey (*A*sia *P*acific University Key)**. Your APKey is your unique Digital Account @ APU. APKey opens all doors for you - a single key that provides access to everything that you need. With your APKey, you can:

- Access your APspace, your APU Digital companion.
- Access your Office365 including your email, Word, PowerPoint, Microsoft Teams, One Note and calendar.
- Video/Voice call and chat with APU communities including your lecturers with Microsoft Teams.
- Access various teaching, learning, library and support systems.

Before your orientation, an e-mail has been sent to you consisting your APKey.

Your username is your Student ID (TP0XXXXX) and your temporary password is Tp0XXXXX@DDMM where DD is your day of birth and MM is your month of birth. Eg: If your Student ID is TP015386 and your birthdate is 1st December 2000, your temporary password will be Tp015386@0112 (case sensitive).

Your APKey will look like this:

Username: TP0XXXXX
Password: Tp0XXXXX@DDMM

Whenever you see a login screen like the above asking for your APKey, you will need to enter your APKey and Password as indicated above.

Important: When you login for the first time, you will be prompted to change your temporary password before you can proceed.

Virtual Student Card

Once you're registered into the intake, you may download your Virtual Student Card at the **Profile**. Physical copy of your Student Card will be available for collection at the campus.

> Get to Know - e-Learning @ APU

Being a Premier Digital Tech University, Asia Pacific University of Technology & Innovation (APU) realized the need for digital education transformation, to enable students to learn without borders. Over the last two years, APU embarked on a digital education transformation journey, where Online Learning (OL) was implemented to complement its conventional on-campus mode of teaching & learning.

Digital Learning Strategy **Moodle Meets Microsoft Teams**

The e-Learning experience at APU is seamless; with only 1 set of credentials (known as APKey @ APU), students are open to access a variety of online resources & virtual systems. A student's OL journey is wholesome - it covers their interaction from lecture materials, tutorials, assessments to backend support, performance monitoring and measurement of effectiveness.

OL allowed students to learn anytime, anywhere at their own pace - this power of freedom has ignited more interest & excitement in learning. On a normal day on campus, students have to book consultation hours to seek face-to-face advice on academic matters. With the convenience brought by technology, students are accessible to their lecturers anytime, anywhere via Microsoft Teams. Since its implementation, we've seen an increase of interactions between lecturers & students - this fact has excited our academicians further, as the opportunities to explore new teaching methods has become more encouraging for self-improvement.

APU Library - Your Partner in e-Learning

APU Library is Open for Virtual Support

As you embark upon your online learning journey, APU Library is available to support you virtually by:

- Directing you to relevant and appropriate tools and resources that will simplify your academic needs and enhance your output
- Enhancing your research skills so that you are able to search for, find, collect, analyse, interpret and evaluate information relevant to the subject you are studying.

Online Library Resources

- APU e-Databases : the APU library's subscribed e-databases that enable you to search for e-books, articles, journals and more
- Open Access E-resources : There are credible and authentic scholarly resources that are freely available online. These journal articles, books and open educational resources (i.e.: databases, e-learning tools, etc.) will assist you with online learning
- Get Referencing help from referencing style guides
- APQuest - a digital learning portal that has online courses, e-books, e-journals, videos on various discipline of interest which complements the programs offered by the university
- APres - This is a digital collection of scholarly resources such as undergraduate final year projects, master's thesis & doctoral dissertations, and publications authored by APU staff and faculty.

Please visit <http://library.apiit.edu.my/> to access the above online services.

Virtual Library Support

Library Service Desk has been launched via our Virtual Help Centre and is available from Monday to Friday, 8:30 a.m. - 6:00 p.m. It is a new ticketing system that allows students to raise a ticket on enquiry of library services, make a virtual appointment with librarians (via Microsoft Teams), etc. Reach out to us from the comfort of your home!
